Field Project (2019-2020)

Field Project for B.A., B.Sc., B.Com: - I/II/III. B.Sc. III

Field Project Report Year- 2019-2020

Name/Title of the Field Project: Visit to Railway hospital Kurduwadi as a part of B.Sc. III syllabus

synabus

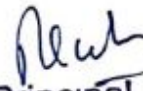

Date of Commencement: 4/12/2019	Faculty Science	Department (If any): PHYSICS	Name and Phone Number of Project Guide/s Dr. Ajinkya M More 9422733371	
Date of End: 4/12/2019				
Total days for workout: 1 day	Location/Area Railway Hospital Kurduwadi	Class/group		Nature of the Project: Class room/Field/Any other
		Number of Students present	Number of teachers involved in project	
		18	4	Field

Support/ Assistance/Non-teaching staff: Mr. Bhushan Shirskar

General Information of the Field Project:

Statement of the Problem	A study various health instruments
Objective/s	To study actual demonstration of ECG and the physics behind the instruments
Methodology	Choosing one of the hospitals in the Kurduwadi and to study various aspects of ECG machine from the physics point of view. That means collection of data like frequency, heart rate. electrical activity etc
Expected Outcome	Student will understand the actual operation of ECG by demonstration

Field Project (2019-2020)
Abstract Report and Expected Outcomes

A visit to 'Railway Hospital' Kurduwadi was arranged for the student on fourth December 2019. A batch for 18 students along with faculty member Dr. A. M. More, K. A. Adhey, A. B. Sabale, C. B. Gend, A. L. Jadhav had visited the hospital. The visit started at 11:00 am from college. We boarded the Auto to reach to hospital. We reached there around 11:30 am. A group of 18 student was made and then visit to different departments of hospital like ECG and X-ray machines, Emergency services etc. was arranged, explanation each department was given during the visit. After visiting these departments we got information about ECG (electro cardio graph) by ECG operator.

He told us how to operate ECG machine, and then they showed by giving an example. Brother Atul Patil Sir told us ECG is the process of recording electrical activity of the heart over a period of time using electrodes place over the skin. He told us uses of ECG like detection of heart rate and rhythm disorders. ECG is also used as other tests to help diagnose and monitor conditions affecting the heart. It is also diagnose of a heart attack.

Brother Atul Patil Sir gave us information which is very useful for our study. We are very thankful to Brother Atul Patil Sir and all hospital staff for giving us permission to visit there hospital and gave us useful information.

Electrocardiographs detect the electrical signals associated with cardiac activity and produce an ECG, a graphic record of the voltage versus time. They are used to diagnose and assist in treating some types of heart disease and arrhythmias, determine a patient's response to drug therapy, and reveal trends or changes in heart function. Multichannel electrocardiographs record signals from two or more leads simultaneously and are frequently used in place of single-channel units. Some electrocardiographs can perform automatic measurement and interpretation of the ECG as a selectable or optional feature.

After the electrodes are attached to the patient, the user selects automatic or manual lead switching, signal sensitivity, frequency response range, and chart speed. In some units, the operator can choose the lead groupings, their sequence, and the recording duration for each group. In standard 12-lead tracings, signals from each group of leads (i.e., bipolar, augmented, precordial) can be recorded for 2.5 seconds. For a rhythm strip, one lead (usually lead II) is recorded for a full 12 seconds.

This is over all working of ECG machine. After this all participant student take photograph with Atul Patil sir.

Field Visit REPORT

2019 - 2020

**Programme Name:- To Study Lead Botanical garden of
Shivaji University**

Objective of Visit :

- 1) To know type of in-vitro conservation method of plants.
- 2) To make students aware about the various plants and their cultivation.
- 3) To Study different types of plants maintained in Botanical gardens.

A Field Visit was organized on 08/01/2020 by Botany Department for F.Y.B.Sc students. The Field Visit was of one day return nature to Kolhapur. 40 Students and 3 Teachers participated in this visit. Prof. Goyal A.M. was the In-charge. After completing all the formalities we entered the Lead Botanical garden with research students of Shivaji University as mentors for visiting student

Field Visit Report
2019- 2020

Date : 15/01/2020

Outcomes of the Field Visit

- 1) Students got knowledge about the in-vitro conservation of plants.
- 2) They could see plants which they have studied in the theory
- 3) They could visit the different sections of plant groups, maintained in Lead botanical garden and experience the different habitats required by different plants to grow
- 4) They could study the plant fossils
- 5) They were able to study many types of gymnospermic plants
- 6) They were aesthetical enlightened and experienced the rich diversity in nature.

Field Project Report

Year-2019-20

Department of Geography conducts so many Programmes such as, Guest lectures, Seminars ,Conferences and study tour for the students to enrich their subject knowledge, improve their stage daring and to mold their career for bright future. As well as department tries to create awareness among the students about social values and their responsibilities to protect environment. Because of that department of geography distribute the project work among the students

Thus in August, 2020 Department has allocated project work among the student of B.A.III. So many project topics have been suggested by Solapur University Solapur these topics are related to present social issues and Natural hazards and local issues or problems but ultimate right has been given to students to choose their topic as per their interest, comfort and Convenient. The title of the Project work was 'The Study of Changes in Land Use Land Cover of Pandharpur tahsil , Dist-Solapur' 'पंढरपूर तालुक्यातील भूमी उपयोजनांच्या बदलाचा अभ्यास' Ample information has been given in classroom while teaching about Regarding Project work, Department had provided project related e-Contents , books and Magazines from college Library .

41 students have completed their projects work. The topics was related to Geographical scenario of village or town in which students are living,

A] Objectives of project work:-

- 1] Introduce the Geographical Research Techniques for the students
- 2] Promote the students to research in Geographical and Social issues of their surrounding Area
- 3] Promote the awareness among the students about environmental, Physical and social issues by authentic sources.
- 4] Create awareness among the students about importance of protection and conservation of the Natural Resources.

Head. Department of Geography

K. N. Bhise Arts, Comm. & Vinayakrao
Patil Science College,
Vidyanagar Bhosare, Dist. Solapur

- 5] Increase the Observation, Description and interpretation capacity of the students.
- 6] Feed the curiosity about local issues among students and the society.
- 7] To prepare the students to handle the surveying equipment.

B] Nature of the Research :-

Students have freedom to select the research topic as per their Convenience and interest. In Geographical Project Work includes Observation, Field work, Interpretation, Narration, and Description these research tools can be used by students. Observation, interview and questionnaire tools are used to collect data.

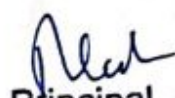

These project work have been checked and evaluated by Dr. Nagare V.B. Asst. Professor of the Department of Geography and examine by solapur university Examiner. Our Principal and HoD of Geography Department Dr. R. R. Patil always guide students and staff members.

C] Outcome of project work:-

- 1] Students have become well aware about different research techniques in Geography
- 2] Students have become able to demarcate the Geographical and Social issues of their surrounding Area
- 3] Students knew to find out the major environmental problem.
- 4] Students aware about importance of protection and conservation of the Natural Resources.
- 5] From this project students become able to find out there hidden quality.
- 6] Students developed there quality about how to do field survey.
- 7] The students took the knowledge to handle the Geographical surveying equipment.
- 8] Students taught to drown Maps and Charts with the help of Computers.

FACULTY OF SCIENCE

B.Sc. III Microbiology -TOUR REPORT – YEAR 2019-2020

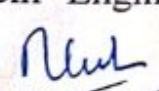

VISIT PLACES -

- 1) Pune – National Center for Microbial Resource (NCMR)
Microbiology Department, Pune University, Pune
National Center for Cell Science (NCCS)
- 2) Satara – Pratapgad Fort,
Mahabaleshwar, Strawberry farm
Mapro Garden,
- 3) Wai – Wai Ganesh Temple

Department of Microbiology organized a study tour for National Centre for Microbial Resource (NCMR) Pune, including 23 Students along with Prof. Jadhav D.B, and Ms. Minaj Mulani.

The first day of the tour was started with National Science Day. So, taking advantage of this occasion a visit to National research institutes was organized. Firstly, we visited to National Centre for Microbial Resource (NCMR) Pune. There Dr. Mahesh Chavdar Sir delivered us an introduction lecture about the NCMR and shown various departments present in the institute. Students were introduced to the DNA sequencing, Bacterial culture collection, Microbial culture preservation, Lyophilization, then students were taken to the Microbiology Department, Pune University Pune, there was the organization of a scientific exhibition, students were happy to see the interesting experiments shown in the exhibition. In afternoon students were taken to the National Center for Cell Science (NCCS) Pune. Here students observed various laboratories doing research in the field of Biotechnology, Cell Biology, Molecular Biology, Protein Engineering,

Vidyanagar Bhosare, Dist. Solapur

Bioinformatics, Tissue Cultures. The main idea of research institute visit was to show the current research to students.

On Second Day tour was directed to the Pratapgad Fort, which is a large fort located in Satara district, in the Western Indian state of Maharashtra. Pratapgad fort is located 15 kilometers (9.3 mi) from Poladpur and 23 kilometers (14 mi) west of Mahabaleshwar, a popular hill station in the area. The fort stands 1,080 meters (3,540 ft) above sea level and is built on a spur which overlooks the road between the villages of Par and Kineswar.

The students were then moved to head towards the Mahabaleshwar, In Mahabaleshwar students enjoyed a visit to Mapro Garden and Strawberry Farm. While returning, temple of Lord Ganesh was visited at Wai.

In all it was a good experience for students to visit National Research Institutes, it was a small effort by Department of Microbiology to make our students aware about the current research and to inculcate the good research practices in the students.

Outcomes of field visit

1. Students observed Scientific instruments and had a glimpse of scientific research process at NCCS and NCMR.
2. Students came to know about actual mechanism of storage and maintenance of bacterial, algal, fungal strains.
3. Field visit helps in strengthening the bond between student and teachers.
4. Students saw Microbial culture collection

Field Project Report

Year-2018-19

Department of Geography conducts so many Programmes such as, Guest lectures, Seminars, Conferences and study tour for the students to enrich their subject knowledge, improve their stage daring and to mold their career for bright future. As well as department tries to create awareness among the students about social values and their responsibilities to protect environment.

Thus in August, 2019 Department has allocated project work among the student of B.A.III. So many project topics have been suggested by Solapur University Solapur these topics are related to present social issues and Natural hazards but ultimate right has been given to students to choose their topic as per their interest, comfort and Convenient. The title of the Project work was 'The Study of Water Tanks and Land Use Land Cover along the Sina river of the Madha Tahsil, Dist-Solapur' 'माढा तालुक्यातील सीना नदीच्या बंध्याचा आणि भूमी उपयोजनांचा अभ्यास' Ample information has been given in classroom while teaching about Regarding Project work, Department had provided project related e-Contents, books and Magazines from college Library.

26 students have completed their projects work. The topics was related to Geographical scenario of village or town in which students are living,

A] Objectives of project work:-

- 1] Introduce the Geographical Research Techniques for the students
- 2] Promote the students to research in Geographical and Social issues of their surrounding Area
- 3] Promote the awareness among the students about environmental, Physical and social issues by authentic sources.
- 4] Create awareness among the students about importance of protection and conservation of the Natural Resources.
- 5] Increase the Observation, Description and interpretation capacity of the students.
- 6] Feed the curiosity about local issues among students and the society.
- 7] To prepare the students to handle the surveying equipment

Head. Department of Geography

Principal
K. N. Bhise Arts, Comm. & Vinayakrao
Patil Science College,
Vidyanagar Bhosare, Dist. Solapur

B] Nature of the Research :-

Students have freedom to select the research topic as per their Convenience and interest. In Geographical Project Work includes Observation, Field work, Interpretation, Narration, and Description these research tools can be used by students. Observation, interview and questionnaire tools are used to collect data.

These project work have been checked and evaluated by Dr. Nagare V.B. Asst. Professor of the Department of Geography and examine by solapur university Examiner. Our Principal and HoD of Geography Department Dr. R.R.Patil always guide students and staff members .

C] Outcome of project work:-

- 1] The students took the knowledge to handle the Geographical surveying equipment.
- 2] Students developed there quality about how to do field survey
- 3] Students knew to find out the major environmental problem.
- 4] Students aware about importance of protection and conservation of the Natural Resources.
- 5] From this project students become able to find out there hidden quality.
- 6] Students have become able to demarcate the Geographical and Social issues of their surrounding Area
- 7] Students have become well aware about different research techniques in Geography
- 8] Students taught to drown Maps and Charts with the help of Computers

DEPARTMENT OF BOTANY

Field Visit REPORT
2018- 2019

Aim : To Study types of plants in Solapur Area

Objective of Visit :

- 1) To Give students of Botany a Practical experience in nature.
- 2) To make students aware about the natural habitat of various plants.
- 3) To Study different types of Plants in Solapur region.

A Field Visit was organized on 01/02/2019 by BOTANY Department for F.Y.B.Sc students. The Field Visit was of one day return nature to Solapur. 30 Students and 3 Teachers participated in this visit. Prof. Goyal A.M. was the In-charge. One State transport Bus was hired, Visit started at 8.00 A.M in the morning and successfully ended at 8.00 P.M. Students were picked and dropped in the college premises.

Field Visit REPORT

2018- 2019

Field visit made students aware about the local plants present in their own region, it was a good learning experience. They were able to discuss the problems in reality and suggest and think over practical solutions to the problems. Botany is a subject to be studied with actual evidences in nature. Students were enlightened towards the nature by this field visit.

B.Sc. IIMicrobiology -TOUR REPORT – YEAR 2018-2019

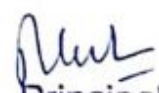

VISIT PLACES -

- 1) Ratnagiri – Gadre Marine Exports private ltd. Fish aquarium, Ganapatipule, Pawas, Bhatye Beach.
- 2) Vijaydurg – Vijaydurg Fort,
Malvan, Sindhudurg Fort,
Mapro Garden,
- 3) Kolhapur– Rankala Lake

Department of Microbiology organized a study tour Gadre Marine Exports Pvt Ltd, Ratnagiri (Mirjole MIDC) including 39 Students along with Five Teaching Staff on 15th February 2019.

The Journey for Ratnagiri was started on first day of tour a visit to Gadre Marine Exports Pvt Ltd, Ratnagiri (Mirjole MIDC) was organized. Firstly, we visited to Gadre Marine Exports Pvt Ltd, Ratnagiri (Mirjole MIDC) Surimi Plant in which the final product produced was a surimi prepared from flesh of Pink Perch fish. In Surimi plant Mr. Ganesh Dhamne (Head, HACCP) showed us all the plant and processing of the plant. He gave us all the thorough information about the arrival and processing of fishes. In next session of the visit we went to Crabstick plant, in this plant ready to eat and ready to cook products are prepared. So here all the students were shown the processing of the industry through a visitor window. The final product was stored at -80 °C. students gained the knowledge about the fish processing and the precautions to be taken while working in a food industry.

On Second Day tour was directed to the Vijaydurg Fort, which is a large fort located in Sindhudurg district, in the Western Indian state of Maharashtra.

The students were then moved to head towards the Malvan, In Malvan students enjoyed a visit to Sindhudurg Fort. Then while returning we visited Kolhapur Rankala lake. It was a pleasant evening and view to observe the ecosystem in the lake.

In all it was a good experience for students to visit Gadre Marine Exports Pvt Ltd, Ratnagiri, it was a small effort by Department of Microbiology to make our students aware about the Food Industry and to inculcate the good Corporate practices in the students.

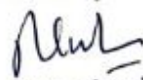

Outcomes of the Field Visit: -

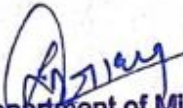

Students observed the Fish processing unit and the ready to eat food product prepared from fish.

The students also observed a well-organized corporate culture in the industry.

 Vidyanagar Bhosare, Dist. Solapur

General Information of the Field Project:

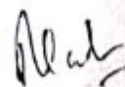

Statment of the Problem	To make plastic free college campus by building a sitting arrangement by waste plastic water bottles
Objective/s	Reuse of plastic waste water bottle for making of Eco-bricks. These Eco-bricks can be useful for construction.
Methodology	Collection of waste plastic bottles from anywhere. Collection of plastic things around college campus. Plastic waste material poured and pressed in plastic bottles. These plastic bottles can be used as Eco-bricks.
Expected Outcome	Plastic free college campus.

Abstract Report

This work is the small attempt towards the plastic waste management. Now a day, plastic becomes an important part of our daily life. Starting from the morning tooth brush to night dinner plates, everywhere we found the things which are made by plastic. The increasing use of plastic things is harmful to living life such as, animals and plants. To avoid effect of plastic there are so many controlling factor such as eco-bricks, making of road by melting plastic etc. Eco-brick is one of best solution reused of plastic waste bottles. The eco-bricks used as a construction for seating arrangement.

The construction requires some of the basic material such as, wrappers, shopping bags, etc. for the construction plastic bottles. Plastic materials are collected from anywhere such as, near by college campus, bus stand, railway station, temple, garden, etc. The collected plastic material was crushed and filled by a way that there is no air gap remained in the bottle. Plastic material was pressed by using metal rod and about 500 bottles were filled up plastic raw material. Such bottles were known as eco-bricks.

For construction, dig the ditch 2 feet depth, length near about 4 feet and 1 ½ feet breadth. First layer of the construction constructed by the bottles which were filled with soil and second layer was constructed by a eco-bricks. The eco-bricks were joined by pouring some amount of cement. By this way the construction were completed. Plastic benches were manufactured from post-consumer plastic and were 100% reusable.

Report and Outcomes of the Field visit (2017-2018)

The department of physics had organized a Field Visit for B.Sc. III (Physics) students for 3 days on 21/12/2018 to 23/12/2018 the Kolhapur and Konkan. Total number of students participated in the field visit was 15.

The places visited :

D.Y. Patil University, Sidhudurg, Arey-Ware beach Malvan etc.

The students were interacted with the professor of the university and discussed about research area in the field of medical and bio physics and future cope of this the subject

Outcomes:

Students visualize what they study in theory and learn much more than what is in their syllabus which, in lot many ways, helps them to understand the subject matter in a much better way. Students learn about preparation methods of thin film and their use in various applications with different characterization techniques.

Field Project Report

Year-2017-18

For the year 2017-18 the Department of Geography conducts so many Programmes such as, Guest lectures, Seminars, Conferences and study tour for the students to enrich their subject knowledge, improve their stage daring and to mold their career for bright future. As well as department tries to create awareness among the students about social values and their responsibilities to protect environment.

Thus in September, 2017 Department has allocated project work among the student of B. A. III year. So many project topics have been prescribed by Solapur University Solapur these topics are related to present social issues and Natural hazards and disaster but ultimate right has been given to the students to choose their topic as per their interest, comfort and Convenient. The title of the Project work was 'The Study of Water Tanks and Water Management of the Sina river basin in the Madha Tahsil, Dist-Solapur' 'माढा तालुक्यातील सिना नदियेतील खंडाऱ्याच्या पाणि व्यवस्थापनाचा अभ्यास' Ample information has been given in classroom and in the field, while teaching about regarding Project work, Department had provided project related e-Contents, books and Magazines from college Library.

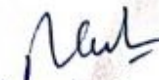

40 students have completed their projects work and submitted to solapur university solapur at the time of practical examination 2017-18. The topics was related to Geographical scenario of village or town in which students are living,

A] Objectives of project work:-

- 1] Introduce the Geographical Research Techniques for the students
- 2] Promote the students to research in Geographical and Social issues of their surrounding Area
- 3] Promote the awareness among the students about environmental, Physical and social issues by authentic sources.
- 4] Create awareness among the students about importance of protection and conservation of the Natural Resources.
- 5] Increase the Observation, Description and interpretation capacity of the students.

Head. Department of Geography

Principal
K. N. Bhise Arts, Comm. & Vinayakrao
Patil Science College,
Vidyanagar Bhosare, Dist. Solapur

- 6] Feed the curiosity about local issues among students and the society.
- 7] To prepare the students to handle the surveying equipment

B] Nature of the Research :-

Students have freedom to select the research topic as per their Convenience and interest. In Geographical Project Work includes Observation, Field work, Interpretation, Narration, and Description these research tools can be used by students. Observation, interview and questionnaire tools are used to collect data.

These project work have been checked and evaluated by Dr. Nagare V.B. Asst. Professor of the Department of Geography and examine by solapur university Examiner. Our Principal and HoD of Geography Department Dr. R.R.Patil always guide students and staff members .

C] Outcome of project work:-

- 1] Students taught to draw Maps and Charts with the help of Computers
- 2] Students knew what are the Geographical and Social issues of their surrounding Area
- 3] Students knew to find out the major environmental problem.
- 4] Students aware about importance of protection and conservation of the Natural Resources.
- 5] From this project students become able to find out there hidden quality.
- 6] Students developed there quality about how to do field survey.
- 7] The students took the knowledge to handle the Geographical surveying equipment.
- 8] Students have become well aware about different research techniques in Geography

Field Visit REPORT

2017- 2018

Aim : To Study Flora of Solapur Area

Objective of Visit :

- 1) To Give students of Botany a On field Learning experience.
- 2) To Make students aware about the natural habitat of various plants.
- 3) To Study different types of Plants near Solapur region.

A Field Visit was organized on 01/02/2018 by BOTANY Department for F.Y.B.Sc students. The Field Visit was of one day return nature to Solapur. 27 Students and 3 Teachers participated in the tour. Prof. Goyal A.M. was the In-charge. One State transport Bus was hired, Visit started at 8.00 A.M in the morning and successfully ended at 8.00 P.M. Students were picked and dropped in the college premises.

B.Sc. II & III -TOUR REPORT – YEAR 2017-2018

VISIT PLACES - Aurangabad

- 1) Ellora caves, Daulatabad Fort, Bibi ka Makhabara.
- 2) Botanical Garden & Zoological park.
- 3) Government Institute of Science
- 4) DNA Barcoding lab(BAMU).

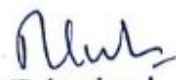

Date- 9-11 January 2018

The Dept. of Microbiology organized study tour at Aurangabad for 64 Students along with Prof. Miss. Jadhav S J, Prof. Goyal A.M, Prof. Kuwar J.V, Prof. Raut K.S & Gaikwad Adesh

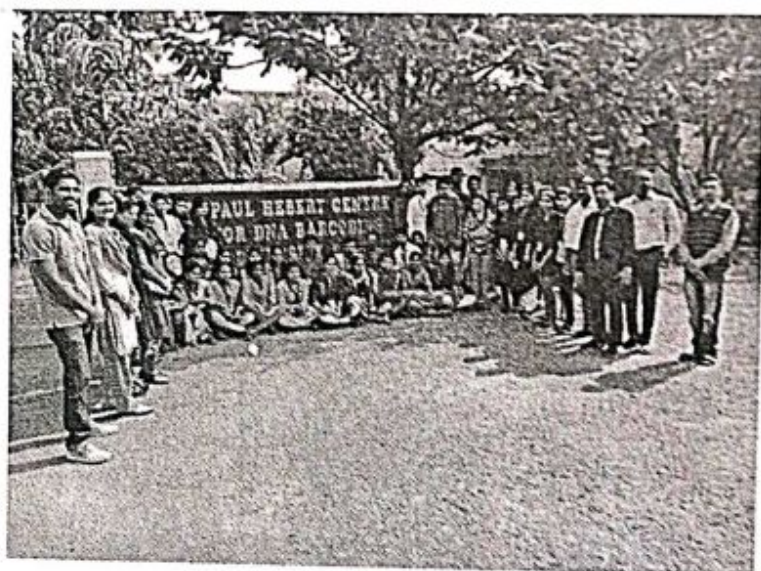

On first day we visited to Ellora Caves & Daulatabad Fort, Aurangabad. We took a halt in BAMU, Aurangabad

On Second Day we visited first DNA Barcoding lab. In DNA Barcoding Department Prof. Nilesh Deshmukh and Dr. Minal Rathod working as a teacher gave information about DNA isolation, purification, DNA sequencing & storing of DNA. We visited second the Government Institute of Science. In government institute of science, we are visited to various department, such Microbiology, Biotechnology, Botany & Forensic science. In microbiology department some Research students gave information about various instruments and their uses – Ultracentrifugation, Cooling centrifuge, PCR, HPLC, Electrophoresis, Column chromatography and gave information about various research projects conducted in Department. We saw the zoological park and botanical garden on BAMU, Aurangabad. & observed different species of plants & animals.

Field Visit REPORT
2016- 2017

Aim : To Study Different types of plants in Solapur Area

Objective of Visit :

- 1) To Give students of Botany a On field Learning experience.
- 2) To Make students aware about the natural habitat of various plants.
- 3) To Study different types of Plants in Solapur region.

A Field Visit was organized on 03/03/2017 by BOTANY Department for F.Y.B.Sc students. The Field Visit was of one day return nature to Solapur. 28 Students and 3 Teachers participated in the Visit. Prof. Goyal A.M. was the In-charge. One State transport Bus was hired, Visit started at 8.00 A.M in the morning and successfully ended at 7.00 P.M. Students were picked and dropped in the college premises.

Field Project Report

Year-2016-17

For the academic year 2016-17 the Department of Geography conducts so many Programmes such as, Guest lectures, Seminars, Conferences and study tour for the students to enrich their subject knowledge, improve their stage daring and to mold their career for bright future. As well as department tries to create awareness among the students about social values and their responsibilities to protect environment.

Thus in August, 2016 Department has allocated project work among the student of B. A. III year. So many project topics have been prescribed by Solapur University Solapur these topics are related to present social issues and Natural hazards and disaster but ultimate right has been given to the students to choose their topic as per their interest, comfort and Convenient. The title of the Project work was 'The Study of ground water level and water quality of the Madha Tahsil, Dist-Solapur' 'माढा तालुक्यातील पाण्याच्या पातळीचा व पाण्याच्या गुणवत्तेचा अभ्यास' Ample information has been given in classroom and in the field, while teaching about regarding Project work, Department had provided project related e-Contents, books and Magazines from college Library.

31 students have completed their projects work and submitted to solapur university solapur at the time of practical examination 2016-17. The topics was related to Geographical scenario of village or town in which students are living,

A] Objectives of project work:-

- 1] Introduce the Geographical Research Techniques for the students
- 2] Promote the students to research in Geographical and Social issues of their surrounding Area
- 3] Promote the awareness among the students about environmental, Physical and social issues by authentic sources.
- 4] Create awareness among the students about importance of protection and conservation of the Natural Resources.
- 5] Increase the Observation, Description and interpretation capacity of the students.
- 6] Feed the curiosity about local issues among students and the society.

Head. Department of Geography

Principal

K. N. Bhise Arts, Comm. & Vinayakrao
Patil Science College,
Vidyanagar Bhosare, Dist. Solapur

- 7] To prepare the students to handle the surveying equipment

B] Nature of the Research :-

Students have freedom to select the research topic as per their Convenience and interest. In Geographical Project Work includes Observation, Field work, Interpretation, Narration, and Description these research tools can be used by students. Observation, interview and questionnaire tools are used to collect data.

These project work have been checked and evaluated by Dr. Nagare V.B. Asst. Professor of the Department of Geography and examine by solapur university Examiner. Our Principal and HoD of Geography Department Dr. R.R.Patil always guide students and staff members .

C] Outcome of project work:-

- 1] Students have become well aware about different research techniques in Geography
- 2] Students have become able to demarcate the Geographical and Social issues of their surrounding Area
- 3] Students knew to find out the major environmental problem.
- 4] Students aware about importance of protection and conservation of the Natural Resources.
- 5] From this project students become able to find out there hidden quality.
- 6] Students developed there quality about how to do field survey.
- 7] The students took the knowledge to handle the Geographical surveying equipment.
- 8] Students taught to draw Maps and Charts with the help of Computers

Field Visit (2016-2017)

Field Visit for B.Sc.: III

Field Visit Report Year- 2016-2017

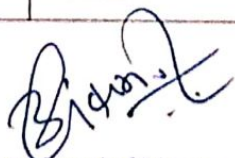

Name/Title of the Field Visit : Field Visit to Shivaji University Kolhapur and Mahabaleshwar, Pratapgad, Wai etc

Date of Commencement: 10/2/2017	Faculty: Science	Department (If any): PHYSICS		Name and Phone Number of In-charge/Guide Dr. Ajinkya M More 9422733371
Date of End: 11/2/2017				
Total days for : 02 days	Location/Area Kolhapur, Satara, Pachgani, Wai, Mahabaleshwar	Class/group		Nature of the : Class room/Field/Any other
		Number of Students present	Number of teachers involved in project	
		13	04	Field

Support/ Assistance/Non-teaching staff: Mr. Bhushan Shirskar

General Information of the :

Statement of the Problem	To provide students an experience outside the class rooms or labs.
Objective/s	To understand the procedure, methods and collecting information from various places
Methodology	Observation and discussions, interactions and collections, documentation and recording, photographs and noting
Expected Outcome	Student can be enabled to develop analytical and observation skills about research

Report and Outcomes of the Field visit (2016-2017)

The department of physics had organized a Field Visit for B.Sc. III (Physics) students for 2 days on 10/02/2017 and 11/02/2017 to the historical place Kolhapur. Total number of students participated in the field visit was 13. Separated vehicles for boys and girls were arranged with 4 teachers.

The places visited :

Department of physics, Shivaji University, USIC, various labs in the department of physics, Shahu palace, Rankala, Panhala, Mahabaleshwar, Pachgani Vai etc. The student were interacted with the professors and discussed about higher studies in physics and research as well as they enjoyed sightseeing at Mahabaleshwar and Vai.

Outcomes:

Students visualize what they study in theory and learn much more than what is in their syllabus which, in lot many ways, helps them to understand the subject matter in a much better way. Students learn about preparation methods of thin film and their use in various applications with different characterization techniques.

Department of Microbiology
Academic year 2016-2017

- 1) B.Sc part III Year 2016- 2017
- 2) Kolhapur –Mahalaxmi Temple, Shahu Palace,
- 3) Ratnagiri – Ganpatipule, Fish aquarium and museum, Bhagwati fort, Bhatey beach, Pawas
- 4) Malvan –Sindhudurga fort

The Dept.of Microbiology organized study tour at Kolhapur for 45 Students along with Prof.Miss.Jadhav S J, Prof. Goyal A.M.and Prof. Jadhav D.B.

On first day we visited to Mahalaxmi Temple Kolhapur and left for Ratnagiri district. We saw site seen on Ganpatipule beach. We took a halt in Pawas.

On Second Day we visited R.P. Gogate College of Arts and Science. On visiting the Microbiology Department our college students got information about various research projects conducted in Department and laboratory equipments and their uses. In Microbiology Department Prof. Nitin Potdar and Dr. Varsha Ghadyale working as a teacher gave information of various projects conducted in Microbiology Department. Some Research students gave information about various instruments and their uses – Ultracentrifugation, Cooling centrifuge, PCR, HPLC, Electrophoresis, Column chromatography,

We saw site seen on Bhagwati fort, Bhatey beach. Studied the various ecological aspects of Bhatey beach. In Ratnagiri also visited to Marine aquarium and Museum where students got information about various marine fishes, turtle and plant species. Later on we moved to visit Malwan District and visited Sindhudurg Fort

On Sindhudurga beach observed some species of animals who habitat in rocky beach such as sea anemone, sea cucumber, corals, crab etc.

This academic educational tour helpful to students to explore their ideas with various research activities. Students get familiarized with university campus, know about courses run in university departments also get practical knowledge with observing nature.

Experiential Learning

Department of Microbiology organized a study tour in academic year 2014-2015 for B.Sc. II year student to Zoological place of interest. In Mahabaleshwar students visited to MADHUSAGAR APIARY got information about rearing of honey bees, extraction and purification of honey, medicinal uses of honey. Students also visited Jam preparation Industry. Along with theory syllabus of economic zoology students get practical knowledge. It also motivate students and their parents (farmers) to do Apiculture in their field as a side business. It helps to increase economical status.

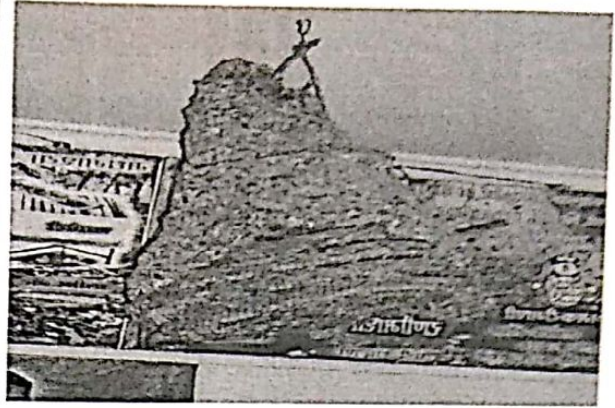

Students also visited to KAS PLATUE – Satara, Pratapgadh, Sajjangadh. KAS PLATUE is worlds famous place for Zoologist, Botanist and many researchers to study diversity of flora and fauna.

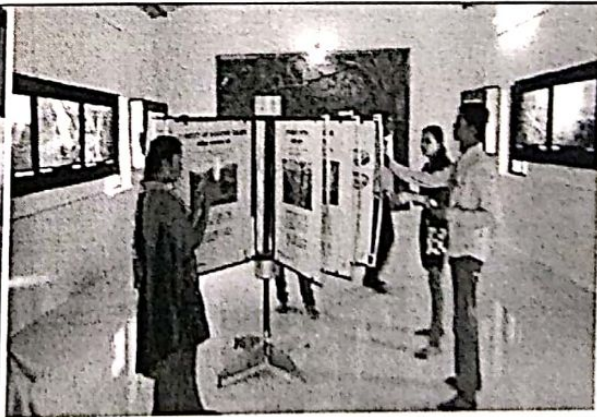

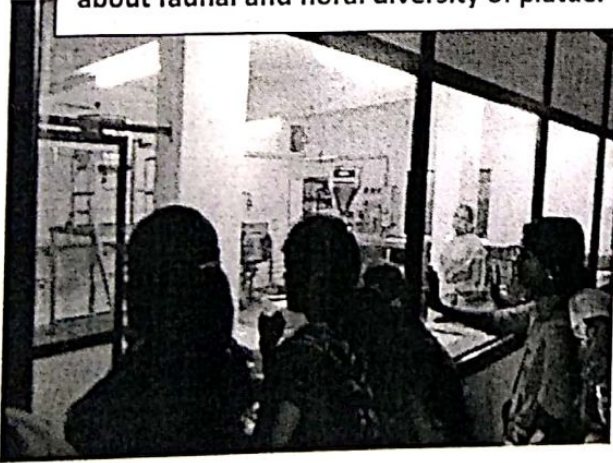

Students of K.N. Bhise college, Kurduwadi visited to MADHUSAGAR APIARY and learn about rearing of honey bees, honey extraction, production of honey. Visited to Jam and Syrup preparation industry in Mahabaleshwar.

Field Project Report

Year-2015-16

For the academic year 2015-16 the Department of Geography conducts so many Programmes such as, Guest lectures, Seminars, Conferences and study tour for the students to enrich their subject knowledge, improve their stage daring and to mold their career for bright future. As well as department tries to create awareness among the students about social values and their responsibilities to protect environment.

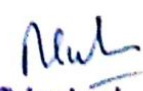

Thus in August, 2016 Department has allocated project work among the student of B. A. III year. So many project topics have been prescribed by Solapur University Solapur these topics are related to present social issues and Natural hazards and disaster but ultimate right has been given to the students to choose their topic as per their interest, comfort and Convenient. The title of the Project work was 'The Study of water quality of the Madha Tahsil, Dist-Solapur' 'माढा तालुक्यातील पाण्याच्या गुणवत्तेचा अभ्यास' Ample information has been given in classroom and in the field, while teaching about regarding Project work, Department had provided project related e-Contents, books and Magazines from college Library.

44 students have completed their projects work and submitted to solapur university solapur at the time of practical examination 2015-16. The topics was related to Geographical scenario of village or town in which students are living.

A] Objectives of project work:-

- 1] Introduce the Geographical Research Techniques for the students
- 2] Promote the students to research in Geographical and Social issues of their surrounding Area
- 3] Promote the awareness among the students about environmental, Physical and social issues by authentic sources.
- 4] Create awareness among the students about importance of protection and conservation of the Natural Resources.
- 5] Increase the Observation, Description and interpretation capacity of the students.
- 6] Feed the curiosity about local issues among students and the society.

Head, Department of Geography

Principal
K. N. Bhise Arts, Comm. & Vinayakrao
Patil Science College,
Vidyanagar Bhosare, Dist. Solapur

7] To prepare the students to handle the surveying equipment

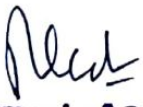

B] Nature of the Research :-

Students have freedom to select the research topic as per their Convenience and interest. In Geographical Project Work includes Observation, Field work, Interpretation, Narration, and Description these research tools can be used by students. Observation, interview and questionnaire tools are used to collect data.

These project work have been checked and evaluated by Dr. Nagare V.B. Asst. Professor of the Department of Geography and examine by solapur university Examiner. Our Principal and HoD of Geography Department Dr. R.R.Patil always guide students and staff members .

C] Outcome of project work:-

- 1] Students have become well aware about different research techniques in Geography
- 2] Students have become able to demarcate the Geographical and Social issues of their surrounding Area
- 3] Students knew to find out the major environmental problem.
- 4] Students awared about importance of protection and conservation of the Natural Resources.
- 5] From this project students become able to find out there hidden qualities.
- 6] Students developed there quality about how to do field survey.
- 7] The students took the knowledge to handle the Geographical surveying equipment.
- 8] Students taught to drown Maps and Charts with the help of Computers

Field Visit (2015-2016)

Report and Outcomes of the Field visit

The department of physics had organized a Field Visit for B.Sc. III (Physics) students for 1 day on 9/10/2016 to the Rail Wagon workshop. Total number of students participated in the field visit was 10. In This year only girl students were admitted for the degree course.

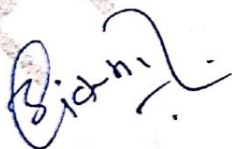

The place visited:

Rail Wagon Workshop, Kurduwadi.

The student was interacted with the servants of the workshop and discussed about spear parts need to the make a wagon. Student also visited various sections like wagon repairing welding, CTRB etc. They took the information and note down important points. Students got information about materials which are used for manufacturing of different parts of train.

Outcomes:

Students visualize what they study in theory and learn much more than what is n their syllabus which, in lot many ways, helps them to understand the subject matter in a much better way. Students learn that main material used for manufacturing of train wagon was casting. The products which are used for manufacture of wagon are borrowed from Bangalore.
